

Class Nursery

Dear Parents,

As summer holidays are beginning soon, we request you to spend quality time with your child. Please involve them in the daily activities at home. A few points to remember:-

1. Greet elders with Namaskar/ Good morning and so on.
2. Using words. Like - Please, thank you, sorry, excuse me, Welcome...
3. Involving children in simple household activities (eg- filling water bottles, watering plants, arranging the plates etc)
4. Listening to stories with moral values.
5. Nature walk (observing the beauty of flowers, birds and the surroundings)
6. Visit to the zoo / visit to holy places / visit to the market. (Speak to them about what they have seen in these places.)

These activities will help your child to become confident and aware.

Wish you all, 'Happy' summer holidays.
